PERSONAL STATEMENT

Sharon is an industrious aspiring graphic designer with creative thinking and project design abilities. She is yet to complete a great deal of coursework on cutting-edge design trends and best practices, including Principles of User Experience Design where she learns skills such as application wireframing. She believes she is naturally inclined to graphic design. Has a great understanding and interest in technology, the latest trends and innovations. Her end goal is to become a qualified graphic designer. To her the design industry is full of exciting, challenging careers that involve using excellent artistic skills to communicate through visual media.
